Logging of Classified Intelligence Information Reports

1. The attached paper, prepared initially as a briefing note for the Agency Planning Group for a Mechanically Integrated Reporting and Communications System, points up a matter of mutual concern:

- a. There is no consistent pattern in the Agency in the keeping of records of classified material. Some offices have records of receipt and disposal, others do not.
- b. Executive Order 10501 and Agency Regulations clearly require the maintenance of records of accountability.

2. In view of the above, I suggest that we develop a uniform system of accountability based on minimal standards approved by the Office of Security.

3. This will be discussed at the CRAG meeting scheduled for 2:15 Friday, July 10.
